

Set Up Procedure

500m Drummers Toggle Line

Objective: Set up the drummers toggles on the 500 metre start line.

Procedures involved:

- 1 **Connect clip to top of small white buoy (small buoy located approx 20 metres past last sweeps buoy and 8 metres forward).**
- 2 **Run line to shore and loop rope through eye bolt on the rock (8 metres in front of sweeps toggle line).**
- 3 **Two people to hold rope while on water, crew attach the toggles (red closest to shore). Start the attachment at the first ring on the toggle line (red toggle).**
- 4 **Proceed to the small white buoy and attach a weight.**
- 5 **Work back attaching the weights to each toggle point.**
- 6 **Shore crew to slowly pull rope through eye bolt as the weights are attached.**
- 7 **Finally tie off rope on eye bolt.**
- 8 **When bringing line in:**
 - a. **Loosen off rope on eye bolt**
 - b. **Remove weights**
 - c. **Remove toggles**
 - d. **Disconnect line from small white buoy**
 - e. **Wind rope in from shore end first**
