SETTING UP FINISH LINE - Aquatic Reserve

1. Connect clip on rope to the eye-bolt on western side retaining wall (located on Wooden Retaining Post.)
2. Tie other end of rope (taunt) onto the eye-bolt on eastern retaining wall. (located adjacent to the white paint mark)
3. Eye-bolts are located approximately on the finish line.
4. Attach buoys to the main line. Red buoy on the first ring of the main line followed by Blue, Yellow, Pink, Green and Orange.
5. Fix weights at the buoy points on the main line.
6. Bring in the line in the reverse order above so that the free end on the main line when on the reel is ready to be connected to the western eye bolt.
