

POLICY: HEAT

Policy No	010	Issue	8
Date of Board Approval	11 November 2020	Scheduled review date	November 2021

Introduction

In 2004/5 DBSA, and other sports, were required to have a Heat Policy for receipt of Government funds dispersed by the Office for Recreation, Sport and Racing.

Due to the many variances between sport competitions and individuals, currently, there is no generic Hot Weather Policy for sports.

Purpose

This policy is to advise that DBSA refers to the Sports Medicine Australia's Hot Weather Guidelines.

Policy

DBSA recommends that all Clubs and schools ensure that they are familiar with these guidelines and that they take them into consideration.
